New York, March 8.—A monster dem-instration of the Irish-American Land and Industrial League took place to-night in the Brooklyn Academy of Music. The following circular was distrib-uted among the people before the proceedings were opened: "Spread the light. What is good for Ireland is good for America. Rent is robbery. Landlordism is despotism. Down with both of them. Just rent must not amount to more than taxes and repairs will amount to more than taxes and repairs will cost." Mayor Howell presided, and among the vice-presidents were Judges Gilbert and Pratt, three congressmen, several Protestant and Catholic clergymen, besides aldermen frauds. He looked careworn and haggard as his old acquaintances crowded about him and uttered words of condolence. His once ruddy face was blanched and his eyes were bloodshot and their lids were swollen. He looked careworn and haggard civious vice. The god of the Persians tolard others.
